We producing 2 type of water butt:

Green water butt 210l+Lid+Faucet $\frac{3}{4}$ (Eco)

White water butt 210l +Lid+Faucet $\frac{3}{4}$ made from virgin material

IVLAJN DOO iz Vladimiraca je porodična kompanija sa tradicijom dugom preko 32 godine, specijalizovana za preradu plastičnih masa. Od osnivanja 1993. godine, razvili smo se u stabilan i pouzdan sistem koji obuhvata celokupan proces – od sakupljanja sirovina, preko prerade, do proizvodnje gotovih plastičnih proizvoda. Zahvaljujući posvećenosti kvalitetu, neprekidnom ulaganju u savremenu tehnologiju i stručnost našeg tima, danas se naši proizvodi mogu pronaći u više od 21 zemlji širom Evrope i sveta. Naš proizvodni proces je u potpunosti zaokružen i organizovan tako da omogućava visoku efikasnost, dosledan kvalitet i odgovoran odnos prema životnoj sredini. Kontinuirano unapređujemo sve segmente rada kako bismo ispunili zahteve tržišta, ali i ostali korak ispred kroz inovacije, edukaciju i savremene pristupe. Firma Ivlajn doo posluje u skladu sa međunarodno priznatim standardima: ISO 9001 – sistem menadžmenta kvalitetom, ISO 14001 – sistem upravljanja zaštitom životne sredine, SRPS EN 15343 – standard koji se odnosi na sledljivost i procenu usaglašenosti recikliranih plastičnih materijala. Ovi sertifikati potvrđuju našu usmerenost ka održivom razvoju, visokom stepenu kontrole procesa i transparentnosti u poslovanju. U firmi Ivlajn doo verujemo da se dugoročni uspeh gradi na kombinaciji iskustva, kvaliteta i odgovornosti. Nastavljamo da razvijamo našu viziju kroz pouzdana rešenja za partnera širom sveta – jer plastika kod nas nije samo materijal, već prilika za stvaranje vrednosti.

IVLAJN DOO from Vladimirci Serbia is a family company with over 32 years of tradition, specializing in the processing of plastics. Since our establishment in 1993, we have developed into a stable and reliable system that includes the entire

process - from the collection of raw materials, through processing, to the production of finished plastic products. Thanks to our commitment to quality, continuous investment in modern technology and the expertise of our team, today our products can be found in more than 21 countries across Europe and the world. Our production process is fully rounded and organized to enable high efficiency, consistent quality and a responsible attitude towards the environment. We continuously improve all segments of work in order to meet market requirements, but also stay one step ahead through innovation, education and modern approaches. The company Ivlajn doo operates in accordance with internationally recognized standards: ISO 9001 - quality management system, ISO 14001 - environmental protection management system, SRPS EN 15343 standard related to traceability and compliance assessment of recycled plastic materials. These certificates confirm our orientation towards sustainable development, a high degree of process control and transparency in business. At Ivlajn doo we believe that long-term success is built on a combination of experience, quality and responsibility. We continue to develop our vision through reliable solutions for partners around the world - because for us plastic is not just a material, but an opportunity to create value.

All products are made on latest generation of CHENHSONG machinery.
Capacity of each item is around 40.000pieces per month.

Always ready stock of products. Fast delivery.
